

Sean Siegfried *Avid/ Premiere/AFX/Motion Graphics*

Profile

Sean has recently gone freelance, leaving his post as in house editor for creative agency LipSync who have described him as 'Absolutely S**t Hot!' He is a gifted storyteller with the ability to pack a powerful punch in a short space of time across his trailers, promo and sizzle work, producing highly polished edits against tight deadlines. Sean used to be a musician, a talent that is very useful to his editing, he has an incredibly warm, calm demeanour he is an absolute pleasure to work with. You'd be hard pressed to find a cooler cucumber than Sean.
