## Steven Chamberlain

**Premiere offline editor**

### Profile

Steven has spent over 13 years as an award-winning inhouse editor and creative director at Zealot UK cutting trailers, promos and sizzles for some of the biggest titles in the industry. He has seen every type of brief imaginable, and years of working to the highest industry expectations means he knows how to handle them! What sets him apart isn't just technical ability, he has a genuine instinct for story and a sharp eye for what appeals to an audience emotionally, which is why clients keep coming back to him. He works quickly, calmly and decisively, even under pressure, delivers to the highest standard and brings honesty and warmth to every project.

*"Steven delivered exactly the elusive results we were striving for in the pitch reel of our special little film. Working together across long distances is never ideal, but Steven made our editorial collaboration extremely enjoyable and effortless. And the proof is in the pudding — the studio greenlit the project! Thank you, Steven!"*

**Andrew Stanton - Director of Finding Nemo, Wall-E, In the Blink of an Eye**

*"I've worked with Steven on many projects, and he's an absolute joy to collaborate with. He's a brilliant editor who brings boundless creativity, enthusiasm, and care to everything he does. Steven really gets behind the vision, helps shape it, and always finds a way to bring it to life - beautifully, on time, and within budget. I'd highly recommend him for any project that you're looking for experienced hands to get involved."*

**Michelle Asik - Senior Vice President of Global Marketing and Creative, ITV Studios**
